Finished example

Directions

1. Print on orange paper (or colour the strips orange). Each student needs 8 strips.
2. Cut out the strips and hole-punch (or poke with a pencil) the dots at both ends.
3. Stack the strips and push a brad through the dots at one end.
4. Bend the stack around and push the other ends onto the same brad, or staple them.
5. Spread the strips out into a ball and glue the stem, leaves and curly vine on top.

Teacher tip

Stapling works if you don't have brads. Staple all the top ends together, then all the bottom ends.
